INDIA'S PREMIER JEWELLERY SHOW IS BACK!

IIJS is not just a jewellery exhibition; it's a leading initiative by the GJEPC to ensure Indian jewellery remains in the global spotlight. It's an opportunity for people to interact with similar businesses, and is big enough to make a substantial difference to the way we're perceived across Asia. As the second largest jewellery exhibition on the continent, it has been visited by over 35,000 retailers, wholesalers and trade professionals from around the world. IIJS is spread across 50,000 sq.mtrs with 1100+ exhibitors and 2000 booths.

A formidable reputation like this comes with its own set of advantages, and in this case it's both, range and reach. IIJS is where traders replenish their inventory for the busiest jewellery buying months, and the maximum buying takes on these floors. From the most exclusive couture to daily wear jewellery from all corners of the globe; diamonds of every quality and size; gemstones of every hue; equipment, accessories and more, buyers are truly spoilt for choice.

However, there's more than just business at IIJS. There's also shared knowledge and industry news with a whole host of seminars, a modern show floor and networking events that involve fashion and entertainment. Truly, IIJS is the key to India's gem & jewellery industry.

THE SIGNATURE SHOW IS WHERE PRODUCT FINDS FOCUS

Jewellery, diamond and gemstones, combined with the highest standards of design, craftsmanship and finish are the focus of the Signature show, and they're just what the retailers need to replenish inventory for the coming year. Jewellers showcase new styles and collections, price points and highlight what's trending and in demand.

The show is niche and provides focus through the 580+ quality exhibitors featured. The planned scale of the exhibition is an advantage, giving you the opportunity to have one-on-one interactions with India's best manufacturers and suppliers. And just so it's not all business and no pleasure, there's also an opportunity to enjoy exclusive hospitality within an amazing ambience.

BE A PART OF ASIA'S LARGEST GEM & JEWELLERY TECHNOLOGY FAIR

The 3rd edition of IGJME is GJEPC's initiative and Asia's largest gem and jewellery technology fair, providing technological support through the latest machines that can make a difference to both quantity and quality. This technology platform aligns itself seamlessly with the 'Make in India' initiative launched by the Govt. of India to boost our manufacturing sector and propel our country forward into becoming the world's leading manufacturing hub.

At IGJME, exhibitors showcase cutting edge jewellery manufacturing technology, including laser machines, computerised yield planning machines, advanced bruiting lathes and diamond impregnated scaives.

There are other reasons to be involved in the exhibition, and India's growing economic reputation is a big one. As the largest growing economy in the world with an estimated growth of 8% in FY '15, the country is expecting robust growth over the next 15-20 years, This means, that its contribution to global growth will surpass that of any advanced economy except the US. Moreover, the liberal policies introduced by the new government has attracted foreign investors as well.

Indeed, there hasn't been a better time than this to plan your IGJME 2016 visit. Register now and see what a big difference it makes to your business!
